August 23, 2021

Dear Resident:

The current HUD rental assistance contract at **Lynn Crest** is expected to be renewed on January 25, 2022 with an end date of **January 24, 2023**. This letter includes important information about our plans and your rights as a resident of the property. **You will not lose your housing and you will not have to be approved again to live at the property.**

We are asking HUD to approve a new contract to provide rental assistance to residents that live at the property when the next contract ends. This new contract will help us keep up with maintaining the property. No residents will be relocated as a result of the conversion.

The estimated date of conversion to a new contract is **January 25, 2023**. Ownership of the property will be transferred to EHA. EHA is planning to continue to address the physical needs of the property as they are needed. Work scheduled for the next year includes siding replacement and exterior painting.

If HUD approves our plan:

- You will get rental assistance through the Everett Housing Authority
- You will have a right to remain at the property
- Your rent will most likely not increase

We will hold resident meetings to explain our plan and how you could be affected. We will also ask for your comments on our plan. Here is information about the first two meetings:

All meetings will be accessible for residents with a disability, special needs, or who have a different primary language than English.

We would like you to send us comments on our plan and will consider them when we complete our plan. Please send comments to rad@evha.org or leave a voicemail at **425-303-1168** by the end of the 30-day comment period **October 3rd** at **5pm**. We will review all comments and will send responses if they are needed. After the 30-day comment period ends, any questions can be sent to the same email or phone number and we will send a response.
